Hi everyone

Well communities certainly make a school and that was definitely another highlight of ours over the last 2 weeks.

Book Week parade albeit a “little late” was a great success with a beautiful sunny day and fantastic effort put into all costumes. We had everyone from Super heroes to evil fairies.

“Bring a bloke day” was combined with the parade and children brought along a special ‘bloke’ if they were able to attend. The blokes thought it was just a matter of coming along and having some morning tea but we set them a challenge!

They were set a task of working with their kids to make the strongest bridge possible using a roll of sticky tape, one magazine and popsticks. The bridge needed a span of 30cm minimum, it had to be suspended and it would be tested under weight. The groups had a 15 min time limit. There was definitely some great role modelling, negotiation, design and strength discussions happening and a LOT of laughter! Groups were ‘coached’ with Growth mindset outlooks and Everyone’s a Winner for persisting and having a go!

“BRING A BLOKE” BRIDGE CHALLENGE!

Don’t forget our open afternoon & showcase of children’s work this afternoon at 3.45pm. Please advise us if your children are not on the bus.
Continuing effort at Quicksmart
Outstanding cooperation and organisation in a combined Kitchen Lesson

YASMIN FAUSER
JED FAUSER
INDIAH BATES
DECLAN PHILLIS

For being a responsible person in the yard
For excellent manners & outstanding behaviour
Being a positive role model & using persistence

Working very hard in garden class
Settling in well to school at Ungarra

PLEASE REMEMBER THAT THERE ARE NO KITCHEN LESSONS next week or in week 1 of next term. Also Sports day lunch orders need to be returned tomorrow.

RESPECT RESILIENCE EXCELLENCE INTEGRITY
In Term 2 and part of this term in I.C.T. with Mrs Foster the Upper Primary class have learnt about the process of making clay animations. Movies such as Shaun the Sheep and Wallace and Grommit are clay animations.

We began by creating a storyboard that contained our basic storyline. From this we wrote our scripts which included the backgrounds and characters required.

The next step was to create our backgrounds, sets and characters. Finally we were ready to capture our movies using the Smoovie app on the iPads. This involved taking a shot then moving the characters/props slightly before taking the next shot. After we exported the movie into iMovie we edited the animation to include music, voices and titles. We are really proud of our animations and are looking forward to sharing them this afternoon at the showcase.
This term the kids have enjoyed travelling around the world in kitchen lessons. During our classroom visits we have learnt more about these countries, in particular their foods. We have enjoyed it so much that we will continue our culinary journey next term.

So far we have visited:

Indonesia—Mie Goreng

Australia—Camp Oven beef & Kangaroo Meatloaf

China—Wonton Soup and Spring Rolls

France—Quiche Lorraine & Crepes

Thailand—Beef Massaman Curry

Middle East—Chicken with Spiced Rice

Mexico—Chicken Tortillas

England—Shepherd’s Pie and Bread and Butter Puddings

Japan—Sushi
At Ungarra we truly appreciate the way our families and community members enrich our school. We have decided to try and find out even more about your skills and talents in our new Community Spotlight section of the newsletter.

Where were you born?
Goodness, I don’t remember lol
(actualy
Memorial Hospital in Adelaide
What was your favourite game as a child?
Skipping
Who is someone you admire?
Aunty Vera
Where is your favourite place to go?
Red Cliffs
If you were stranded on a desert island, apart from family, what 2 things would you take?
M and M’s and water
Favourite book as a child?
Cinderella
What are 2 things you are good at?
Teaching piano and cooking
What’s 1 thing you would like to improve at?
Remembering things!
What do you believe school does for our community?
Brings everybody together.

Watering the garden and pot plants is a wonderful opportunity for children to play with water and to experiment with measuring and following directions. Set up some containers of different shapes and sizes next to the tap or the hose. As you and your child fill the containers make comparisons about which is the biggest container with the greatest capacity compared to one with the smallest capacity. Try pouring water from one container to another to see if it holds the same amount. Talk about which containers are the heaviest. Provide a variety of differently shaped and sized buckets so that you can compare the capacity of each container. Once you have filled the containers talk about which plants will require the most water.

Last week was the most fun I’ve had in ages. We had Sue Liddy in doing manicures, Lauren on makeup and Lora Adams on hair and there was a line up for attention! I think the most fun though was in the afternoon when during the free play time, ALL the boys headed straight to the barbers table and spent ages and ages grooming themselves and trying out new hairstyles in the mirror. And... just when we thought they’d had enough they did Nevaeh’s hair and then we adults got hairdo’s AND foot massages. Gee, and I get paid for this!!! A big thanks to Lora, Sue and Lauren for bringing in all their gear for the day. I defiantly think we need a repeat session. A warm welcome also to Sarah Smith and baby Louie on their first visit out to us.

This week we had Robyn from the Post Office visit. The kids had lots of fun writing letters, stamping etc. Robyn and Greg also kindly gave us a book for our Playcentre. Nat (was Ashworth) and her kids Max and Henri visited and Lunar came for her first play with mum and dad Sdhar and Edwin.

Meet at Ryan’s “Modra Seeds” shed behind the house at 10 am. We will then travel on to Tahnee, Jayden and Aisha’s house. Bring a pooled lunch, drinks etc.
